HCG Workshop

Play day

String Art with Jan Cegnar

9:30 to 12:30

Clear Tar Gel is a syrupy, honey like gel that produces thin and thick lines when applied on paper. Various tools can be used to apply it. A palette knife or popsicle stick will do. We will use this gel as a resist. Since this is a half day workshop Jan will prepare the designs on paper and you will apply your favorite watercolour or acrylic paints to create some depth and abstract designs. Once dry, your samples can be cut to create cards, bookmarks or collages of your choice. Lettering of your choice can be added to your work to compliment the design. You will also be given the opportunity to create a few designs of your own on paper. Samples will be shown in class.

Supplies: watercolours of choice, acrylic paints, water container, small to medium brushes, note book, ruler, pencil, metallic watercolour to enhance the design.

Supply Fee: \$5-7. Jan will supply paper and bring supplies for you to use as well.

Paper Cutting Potpourri with Jutta Busch 1:30 to 4:30

The beauty of paper cutting is in its simplicity *and* unlimited possibility. This workshop provides “a little taste” of several paper cutting techniques. A few simple creations will get us warmed up and then we’ll make a colourful circular design in the Polish tradition. Most cutting will be done with scissors but we will also do one small project with a cutting tool. Everything we learn can be applied to card making and decorative envelopes as well as pieces for display. Suitable for all levels including beginners.

Supplies: scissors, glue stick, ruler, pencil, eraser X-acto knife, self-sealing cutting mat. Supply fee: none

Cost: *Members: \$45 Non-members \$60*
